EMBT1

Item ref: 100.540UK Black, 100.541UK Rose Gold, 100.542UK Grey, 100.543UK Gold

User Manual

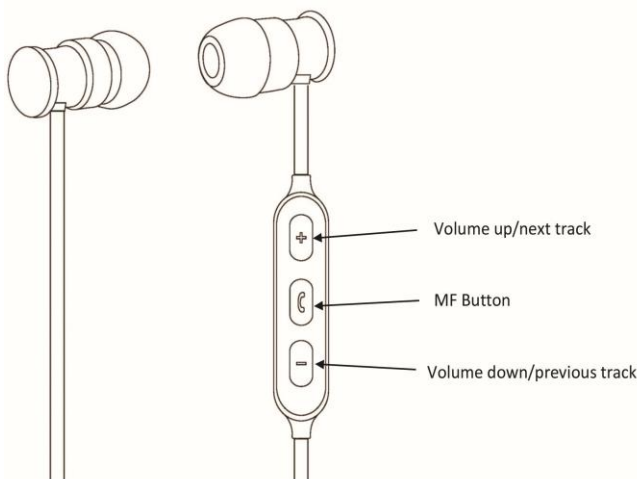

These stylish metallic Bluetooth earphones provide both great sound performance and practicality with their magnetic earbuds and tangle free ribbon cable. Connect to your smart device via Bluetooth and enjoy up to 3 hours of listening from a single charge. An in-line hands-free microphone and volume/track control gives you the ability to listen to and take control of your favourite tunes or make and receive calls on the move. There are 4 modern colour schemes to choose from, which match the latest smartphone designs. To keep your headphones looking like new a hard-shell carry case is also provided.

Features

- Bluetooth v4.1 Airhoa chipset with multi-point support allowing you to connect 2 devices at the same time.
- Operating distance of up to 10m providing freedom of movement.
- Magnetic earbuds and flat ribbon-style cable for tangle free storage.
- In-line hands-free microphone and volume/track controls.
- 60mAh Lithium rechargeable battery providing up to 3 hours usage from a single charge.
- Supplied with hard-shell carry case, USB charging lead and 3 sizes of earbud
- Fully compatible with iOS and Android devices

Overview

Powering on/off:

Press and hold the MF button until the blue light blinks and the voice message "power on" is heard. To power off, press and hold the MF button until a red light blinks and the voice message "power off" is heard.

Pairing with your device:

Press and hold the MF button until alternating blue and red lights blink and the voice message "connected" is heard. The Bluetooth pairing name is AV:Link EMBT1 and if your device asks for a pairing code the default setting for this device is 0000.

Volume up/next track:

Short press the (+) button to move the unit volume up and

press and hold the (+) button to move onto the next track.

Volume down/previous track:

Short press the (-) button to move the unit volume down, press and hold the (-) button to go back to the previous track.

Play/pause:

Short press the MF button to play and pause your current track.

Hands-free operation:

When you receive an incoming call the voice message "incoming call" will be heard and the voice will then tell you the number of who is calling. To accept the call, press the MF button once or to reject it press the MF button twice. Once you have completed your call, press the MF button once to hang up. To dial the last number stored on your phone, press the MF button twice either when listening to music or in standby mode.

Charging the device:

To charge the device only use the USB cable supplied and make sure that the headphones are switched off. Whilst charging a red light will be on, which will turn blue when they are fully charged. Charging time is normally around 2 hours from flat and the device will give up to 3 hours of playback time from a single charge.

In the Box

- Bluetooth magnetic earphones 1pc
- USB charging cable 1pc
- Hard-shell carry case 1pc
- Spare silicone buds 2 pairs (small and large)
- User guide 1pc

FAQ

Q) Bluetooth headphones cannot pair with device. **A)** Check that the headphones are in pairing mode and that the Bluetooth mode is enabled on your device and in scan mode.

Q) Bluetooth headphones disconnect with my device well within the stated 10m transmission distance. **A)** The maximum transmission distance stated is dependent on a clear line of sight between the headphones and your device. If there are large metallic objects or other devices transmitting radio or wireless signals in the vicinity, they can impact on the reception of the headphones.

Q) Bluetooth headphones won't switch on. **A)** Check that the headphones are fully charged before operation.

Q) Bluetooth headphones won't connect to my PC. **A)** Please check that your PC supports the A2DP Bluetooth profile.
