Rechargeable LED Desk Lamp with Colourful Night Light

Dimming sensor

On/Off/Colour sensor

Night light function button

A modern, attractive desktop lamp with touch controls for dimming and colour selection and a soothing colour changing nightlight built into the clear cylindrical base. The lamp has a foldaway head which incorporates an auto on/off feature when opened and closed and a built-in rechargeable battery which makes it ideal for use at home or on the move.

- Stylish folding design
- Dimmable lamp light with warm and cool white options
- RGB nightlight in base with colour change or solid white options
- Auto on/off function
- Built-in rechargeable battery provides up to 3.5 hours from a single charge

Getting started

- Unpack the lamp and remove all packaging materials and place on a flat surface.
- Power up by using the USB lead provided (connected to a suitable USB power source). When not in use the built-in rechargeable battery will begin to charge. From flat the battery will take around 4-5 hours to fully charge, and provide up to 3.5 hours of usage depending on the functions and brightness used.
- Press the On/Off/Colour sensor repeatedly to scroll between warm white, cold white and off modes.
- Long press the dimming sensor on either colour option to adjust the brightness to your required level.
- Press the night light function button repeatedly to scroll between colour scroll, solid white and off functions. **Please note**: When the unit is on charge but not in use, a faint red glow can be seen in the night light base, this will turn green once fully charged.
- To use the auto on/off function close the lamp head whilst in operation. On re-opening, the lamp will come back on at the previous selected colour and brightness level. **Please note**: This function will not work if the lamp is unplugged and the rechargeable battery is empty.

Technical Specifications

Item code	410.440UK
Power supply	5Vdc, 1.0A (USB lead supplied)
Batteries	2000mAh Li-Ion (not removable)
Luminous flux	130 lumens
Power consumption	5W
LED type	1x 3W warm, 1x 3W cold, 3x RGB (base), 1x cold (base)
Colour temperature	2900K warm, 6300K cold
Average lifetime	30,000 hours
Beam angle	70°
Runtime	>3.5 hours (from full)
Charge time	4~5 hours (from flat)
Dimensions	84 x 84 x 253mm (folded)
Weight	440g

Safety Disclaimer

Do not attempt to service this product yourself as opening or removing covers may result in fire, electric shock or equipment damage and also invalidate the warranty. This product is only designed for indoor use and must be kept away from water and high humidity along with high temperatures and direct sunlight.
Check the unit for any signs of damage and ensure the USB lead is connected correctly before switching on for the first time.
