User Manual

# 3 – DIGIT TSA SECURITY PADLOCK

## USER MANUAL

350.065UK

Thank you for choosing our 3-DIGIT TSA SECURITY PADLOCK.

For proper use of this product and ensuring its accuracy and service life, please read this manual carefully before using it.

This product is suitable for locking suitcases, bags, backpacks as well as personal lockers or cabinets with confidence.

## INSTRUCTIONS:

The original TSA lock combination is 0-0-0.

To set your own combination, please follow these steps:

1. Put the dials at its original combination (0-0-0).
2. Press down the button (A), which releases the cable.

3. Use a tool to press the reset button (B) and hold it down.

Button (B)

4. Set your personal combination by turning the dials, for example 8-8-8.
5. Release the reset button (B) confirming that you have set your own combination.

**Please note: It is advised that you make a note of your combination and keep it safe in the event of forgetting your combination. If you forget it, there is no way to open the padlock.**

This product is classed as Electrical or Electronic equipment and should not be disposed with other household or commercial waste at the end of its useful life. The goods must be disposed of according to your local council guidelines.
