# Column Arrays

**Our Column Array series delivers full-range, high-quality sound in compact, modular systems.**

The Monolith mk3 features a 500W active sub with USB/SD and Bluetooth for flexible mono or stereo setups, while the Neolith mk2 offers a compact sub with neodymium drivers, DSP control, and fast pole-mounted assembly - ideal for live PA, events, and mobile performances.

| PRODUCT NAME | MONOLITH SUB + COLUMN ARRAY | NEOLITH MK2 SUB + COLUMN SET |
|---|---|---|
| Item Code | 171.237UK | 171.238UK |
| Output Power : rms | 400W + 100W | 400W |
| Output Power : max | 1000W | 800W |
| Power Supply | 230Vac, 50Hz(IEC) | |
| Main Driver | Column drivers - 4 x 100mmØ (4") Ferrite, 1 x 25mmØ (1") Neodymium | Column drivers - 4 x 90mmØ (3.5") Neodymium 1 x 25mmØ (1") Neodymium |
| Frequency Response | 35Hz - 20kHz | 55Hz - 20kHz |
| SPL Max | Sensitivity: 103dB | Sensitivity: 94dB |
| Amplifier | 500W class-D bi-amplifier | Class-D bi-amplifier |
| Bluetooth | Internal USB/SD/BT player | Built-in Bluetooth receiver |
| Mic Inputs | Switchable Mic (XLR/Jack) | |
| Line Inputs | Line (Jack/RCA) | |
| Line Output | Speaker out (SPK) to column, Line out (XLR) | Line out (XLR) |
| DSP Input Control | Yes | 5 x preset tone profiles |
| Mounting Points | 35mm Speaker Pole | |
| Construction | 15mm MDF with texture polyurea coating | |
| Dimensions | Sub Cabinet: 480 x 450 x 380mm Column: 580 x 140 x 115mm | Sub Cabinet: 450 x 400 x 320mm Column: 520 x 143 x 111mm |
| Weight | Sub Cabinet: 20kg Column: 5.6kg | Sub Cabinet: 15.95kg Column: 2.95kg |
| In The Box | Monolith mk3 active subwoofer & Monolith mk3 passive column speaker & adjustable 35mmØ mounting pole & SPK-SPK link lead & IEC power lead | 10" active sub cabinet & 4 x 3.5" satellite column array & mounting and connection pole & S lip cover (sub cabinet) & Carry bag (column & pole) & IEC power lead |
| Application Scenarios | All-in-one active sub and column array stack, easy to carry with no need for separate cabinets. Perfect for solo performers and small events. | Perfect for medium to high volume PA applications, Neolith mk2 sets up fast, fills rooms with clear bass-driven sound easily. |
