

Moulded ABS Full-Range Active PA Cabinets

Active PA cabinets feature built-in amplification, simplified setup, and reliable performance, ideal for portable systems, events and smaller venues needing fast deployment.

Choose lightweight moulded enclosures across our CASA, CAB and CLARA series, with a wide range of power outputs available.

									
PRODUCT NAME	CASA-8A ACTIVE CAB 200W + USB/SD/BT	CASA-10A ACTIVE CAB 220W + USB/SD/BT	CASA-12A ACTIVE CAB 280W + USB/SD/BT	CASA-15A ACTIVE CAB 350W + USB/SD/BT	CAB-10L BT LINK SPEAKER 220W	CAB-12L BT LINK SPEAKER 300W	CAB-15L BT LINK SPEAKER 350W	CLARA-12A ACTIVE HP CAB 400W	CLARA-15A ACTIVE HP CAB 470W
Item Code	178.108UK	178.110UK	178.112UK	178.115UK	178.010UK	178.012UK	178.015UK	178.152UK	178.155UK
Output Power : rms	200W	220W	280W	350W	220W	300W	350W	350 + 50W (LF + HF)	400 + 70W (LF + HF)
Power Supply	230Vac, 50Hz(IEC)				220-240Vac, 50Hz (IEC)			90-254Vac	
Main Driver	200mmØ (8") with 50mmØ (2") Voice coil	250mmØ (10") with 50mmØ (2") Voice coil	300mmØ (12") with 63mmØ (2") Voice coil	380mmØ (15") with 63mmØ (2.5") Voice coil	250mmØ (10") woofer with 38mmØ (1.5") Voice coil	300mmØ (12") woofer with 50mmØ (2") Voice coil	380mmØ (15") woofer with 60mmØ (2.36") Voice coil	34mmØ (1.35") Ti compression driver with Voice coil 63mmØ (2.5")	380mmØ (15") with 100mm voice coil
Frequency Response	60Hz - 19kHz	55Hz - 19kHz	50Hz - 20kHz	45Hz - 20kHz	58Hz - 19kHz	53Hz - 19kHz	46Hz - 19kHz	50Hz-19kHz	45Hz-19kHz
SPL Max	120dB	121dB	123dB	124.5dB	132dB	134dB	134dB	125dB	SPL max.126dB
Amplifier	Class-D Bi-Amplifier				Class D + Class AB			Class-D bi-amplifier	Class-D, DSP Controlled
Audio Source	USB/SD player + Bluetooth receiver				Bluetooth receiver with stereo link capability			Built-in Bluetooth Receiver	
Mic Inputs	1x Mic/Line (XLR/Jack combo)								
Line Inputs	1x Line (XLR/Jack combo) + 1x Line RCA				Line (XLR/jack/RCA)			LR/jack mic/line, XLR/jack line	
Line Output	XLR line output								
DSP Input Control	5 Preset Modes (Normal, DJ, Voice, Live, Flat)				-			5 Preset Modes (Normal, DJ, Voice, Live, Flat)	
Mounting Points	35mm pole mount socket				35mm Speaker Pole			35mm pole mount socket & m8 Flying points	
Construction	Moulded cabinet				Injection moulded polypropylene housing			Moulded Cabinets with polypropylene enclosures	
Dimensions	435 x 278 x 245mm	500 x 310 x 260mm	610 x 375 x 340mm	705 x 430 x 375mm	530 x 310 x 300mm	603 x 355 x 350mm	695 x 420 x 390mm	610 x 380 x 350mm	710 x 435 x 385mm
Weight	8.71kg	10.27kg	15.98kg	22.0kg	11.2kg	14.2kg	17.6kg	16.5kg	20.5kg
In The Box	CASA-8A Active Cab 8" 200W RMS + IEC mains power lead(s)	CASA-10A Active Cab 12" 220W RMS + IEC mains power lead(s)	CASA-12A Active Cab 12" 280W RMS + IEC mains power lead(s)	CASA-15A Active Cab 15" 350W RMS + IEC mains power lead(s)	CAB-10L BT Link Speaker 220W + IEC power lead	CAB-12L BT Link Speaker 300W + IEC power lead	CAB-15L BT Link Speaker 350W + IEC power lead	CLARA-12A Active HP Cabinet 400Wrms + IEC mains power lead	CLARA-15A Active HP Cabinet 470Wrms + IEC mains power lead
Application Scenarios	CASA - The CASA Series offers low-power loudspeakers designed for portability and performance. The durable moulded design and flexible input options make them ideal for mobile PA use, DJs, and temporary installations. Designed to pair seamlessly with the CASA Series sub cabinets for high energy sound reinforcement.				CAB - Portable PA speakers are lightweight and compact with Bluetooth, stereo link, and dual inputs. The durable injection-moulded cabinet and digital amplifier deliver clear, powerful sound. Perfect for small gigs, events, and presentations with quick setup			CLARA - Lightweight DSP-equipped active cabinets with Bluetooth, USB control, and mic/line inputs. Ideal for mobile PA and compact installs.
