

“STEEL SINGER” DRIVE

Owner's Manual

NUX
Reissue Series

The NUX STEEL SINGER DRIVE pedal from the Reissue Series is an overdrive pedal with the tonal character of the famous boutique amp from California. It has very smooth high end and sweet mid-range. Whether used as main overdrive or in conjunction with a guitar amp, the NUX STEEL SINGER DRIVE pedal is going to make your guitar sing!

Overview

- Pure Analog Circuit
- Warm and Natural Tube Overdrive Tone
- True-bypass Hardware Switching

Specifications

- Input impedance: 1M Ohms
- Output impedance: 10K Ohms
- Current Draw: < 20 mA
- Power: 9 Volt DC/9V Battery
- Dimensions: 121(L) X 77(W) X 48(D) mm
- Weight: 230g

1. Do not place near heat sources, such as radiators, heat registers, or appliances which produce heat.
2. Guard against objects or liquids entering the enclosure.
3. Refer all servicing to qualified service personnel.
4. Prolonged listening at high volume levels may cause irreparable hearing loss and/or damage. Always be sure to practice "safe listening".

Follow all instructions and heed all warnings
KEEP THESE INSTRUCTIONS!

Product Interface

1. POWER Jack

Use a regulated 9V DC adapter with Negative Tip to power this pedal. It's highly recommended using the optional NUX ACD-006 Adaptor. Using an incompatible adaptor may cause noise or mal-function.

2. VOLUME Knob

Sets the output volume of this pedal.

3. FILTER Knob

Adjust the high frequency.

4. GAIN Knob

Sets the overdrive amount.

5. OUTPUT Jack

Connect an amplifier into this jack.

6. INPUT Jack

Connect your guitar into this jack. Plugging in this jack switches the power whether the effect is engaged or bypassed. When not using this pedal, disconnect the cable from this jack to save battery life.

7. ON/OFF Switch

Turns On/Off the effect.

Installing The Battery

A battery is supplied with the unit. Connect the snap cord to the battery and insert the battery as shown in the drawing. When the battery runs down the sound will change. In such case please replace with new battery. The power comes on when you insert the plug into the INPUT jack. The use of an AC adaptor is recommended as the unit's power consumption is relatively high.

Accessories

- 9V battery
- Owner's manual
- NUX sticker
