## Introduction

The NUX NPX-10 X-Form keyboard stand is original made to use with the NUX NPK-10 digital piano but it's also compatible with other regular keyboards. It is a sturdy double braced X-Form keyboard stand with a maximum load capacity of 40Kg.

## Features

- Double brace legs.
- Sturdy all-metal construction.
- Foldable design.
- No assembly needed.
- 7 height positions with locking pin.

## Height Adjustment

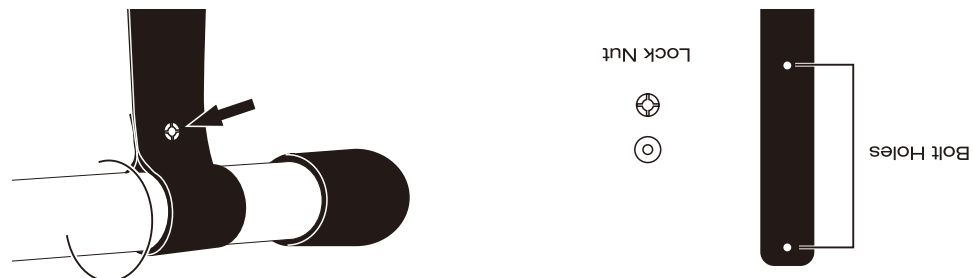

1. Pull out the locking Pin (See drawing below).
2. Open ( or close) the stand to set the preferred height.
3. Put your keyboard on and start playing.

**Caution:** DO NOT ADJUST THE HEIGHT WITH A KEYBOARD ON THE STAND!

## Using Locking Strap

To stop the piano from slipping off the stand, you can use the included two locking straps to fasten it to the stand. Ref to the drawing below for details.

Attach the front-end of locking strap to the stand, secure it with the lock nut.
