Troubleshooting

1. Check the battery. If it is drained replace it.
2. Disconnect and reconnect the USB dongle to establish a new connection.
3. Move to mouse closer to the receiver if it is out of optimum range.

How to reconnect the USB dongle?

Mouse: 1.Put the battery→turn on the power→Press left, middle, right 3 buttons 5- 8 seconds→let it go, then put the dongle to the computer.
(put the mouse near the computer when you connect)

Keyboard: 1.Put the battery→Press "ESC" and "=" two key together 5- 8 seconds →let it go, then put the dongle to the computer.
(put the keyboard near the computer when you connect)
